Annual Security and Safety Report

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, referred to as the Clery Act, requires the dissemination of an Annual Security Report to all current students, faculty, and staff and the notice of its availability to prospective students, faculty, and staff. For that purpose, the Annual Security Report includes statistics for the previous three (3) years concerning reported crimes that occurred on campus, in certain off-campus buildings, on property owned or controlled by National University, and on public property either within, immediately adjacent to, or accessible from the campus. The report also includes institutional policies and procedures concerning campus safety and security programs, including those concerning alcohol and drug use, crime prevention, the reporting of crimes, emergency notifications, missing students, preventing/reporting sexual assault, and other matters required by the Clery Act. On March 7, 2013, President Obama signed the Violence Against Women Act (VAWA) into law. VAWA included amendments to the Clery Act that require institutions to disclose statistics, policies and programs related to dating violence, domestic violence, sexual assault and stalking, among other changes.

Preparation and Disclosure

National University, referred to as the University, recognizes that crime prevention is the responsibility of each person either working, attending school, or visiting at a University facility. Crime prevention is best served by the vigilant surveillance of the premises and the reporting of any suspicious behavior. The University is committed to providing a safe environment for learning and working.

The National University Annual Security Report (ASR) is prepared by the Safety/Security Office with input from a variety of University departments including Facilities, Security, Safety, Student Services, Academic Operations, Human Resources, Enrollment Management, Compliance, and other departments, to comply with the Clery Act. The statistics provided in the Annual Security Report are based upon reports of incidents made to Campus Security Authorities, the Safety/Security Office, and local law enforcement agencies. Full reports can be found on the web at:

<https://www.nu.edu/ouruniversity/annualsafetyandsecurityreport/>

The University maintains contact with local law enforcement agencies for the protection of its constituents as well as for the purpose of keeping official records of crime statistics and reports. Each year, the University's community members receive a notice regarding the availability of the Annual Security Report. This report is prepared with cooperation from local law enforcement agencies surrounding the University's main campus and alternate sites.

Safety & Security

National University recognizes that crime prevention is the responsibility of the University and each person working, attending school, or visiting a University facility. Crime prevention is best served by the vigilant surveillance of the premises and reporting any suspicious personal behavior. National University does not offer crime prevention programs specifically targeting its students or its employees.

For more information please visit <https://www.nu.edu/safety.html>.

Services and Programs

To achieve its goals, the university has established a safety program dedicated to providing a safe and healthful working environment through identifying health and safety risks before they become hazards and developing programs for risk prevention. These programs are designed to encourage safety awareness among individuals and to provide essential information on procedures to be followed in case of an accident, injury, illness, or emergency.

Safety Awareness Prevention

Each person should have a preconceived plan of action in the event they should become involved in, or be a witness to, a criminal act. By following the generally prudent rules listed below, each employee or student can help ensure that they will not become the victim of a crime.

- Park your car in University-designated parking areas, if possible.
- Do not leave items in your car which are visible from the outside; rather, place the items in the locked trunk of your car, or under a car seat, if possible.
- Lock all car doors, and check them, before leaving your parked car. Keep your car key in your hand until you are in a well-lighted or heavily trafficked area. This will allow you to rapidly reenter your vehicle, should you see a suspicious person in the area.
- You may want to invest in a mechanical locking device or electronic alarm system for your car. If you have such a device/system, ensure that you use it each time you park your car.
- Be alert for suspicious persons and activity in the classroom or work area. If you see an unfamiliar face in the vicinity,

proceed to your work/class area, and then report the matter immediately.

- If you work in a University office, get in the habit of closing and locking your office door each time you must leave the office unattended.
- If you leave valuable articles in open view in your office, place them in a locked desk drawer or in a sheltered location.
- Should you be accosted, have a plan of action in mind.
- In case of personal attack, scream as loudly as you can and run toward a more lighted or highly trafficked area. Do not voluntarily enter an assailant's automobile or go with an assailant to a more remote location.
- If an assailant demands your money, you may want to take out a pre-positioned amount of money, throw it away from you, and then begin running as fast as possible in the opposite direction.
- Try to note the size and physical characteristics of your assailant, as well as the color and make of their car (if applicable), so that you are able to report the crime with critical, detailed information.

All meetings of student organizations must be held on University property and during hours when security personnel are present to monitor any safety or security issues. *National University does not have any officially recognized student organizations with off-campus locations.*

New Employee Orientation

A Safety & Security training overview is provided to all new employees during the University's New Employee Orientation (NEO) on the following topics:

- Emergency procedures
 - Emergency contacts
 - Active Shooter procedures
 - Earthquake procedures
- Incident reporting and non-emergency phone numbers
- Emergency preparedness: Grab-n-Go bags containing three (3) day supplies in the event of an emergency.

Campus Security Procedures

Upon enrollment, students are informed of services offered by the University, including a copy of the Code of Conduct, information on how to obtain the Annual Security Report, and how and where to report incidents. Annually, existing students receive a link in the Student Portal to the Code of Conduct Policy and the Annual Security Report.

Safety Program Committee and Safety Training

The University Safety Program Committee meets quarterly to address safety concerns. Committee members and safety

NATIONAL UNIVERSITY ANNUAL SECURITY REPORT 2022

representatives are tasked to disseminate this information to ensure faculty and staff are informed in a timely manner. Additionally, all University employees have access to Safety Training webcasts, safety resources and guides, and up-to-date safety information on the University's Intranet website, SharePoint.

Presidential Policy Directive (PPD)-8, signed by President Barack Obama in March 2011, prescribes the nation's goal for preparedness and planning. PPD-8 outlines preparedness with regard to five (5) essential mission areas that correlate to strategic safety planning the University has implemented: prevention, protection, mitigation, response, and recovery. These implementations correspond to the University's adherence to the National Incident Management System (NIMS) regarding safety planning, operations, and training.

Campus Security Authorities (CSAs)

Individuals identified as Campus Security Authorities (CSAs) must report Clery Act crimes, which they directly witness or learn about in the course of their duties, to the National University Security Office, regardless of whether the alleged victim chooses to file a report with law enforcement or to press charges.

In addition to the University's Safety and Security staff, CSAs include Associate Regional Deans (ARDs), Center Directors, Human Resources staff, the Equity Resolution Process (ERP) pool, and other officials on campus who have significant responsibility for student and campus activities.

CSAs complete an [Incident Form](#) and submit it as soon as practicably possible, and/or to security personnel if they are present at the time the crime takes place. The administrator(s) will assess the information provided in the report form in coordination with the Security team to determine whether an immediate response is warranted, if a Timely Warning should be issued, and appropriate next steps.

The University strongly encourages all members of the community to report crimes directly to a CSA, the Safety and Security team(s), and/or the local police authorities. If the incident involves dating violence, domestic violence, sexual assault or stalking, CSAs who are also Responsible Employees as defined under Title IX and University policy, must also make a report to the Title IX Team by filing a report using the online [Incident Form](#).

Reporting an Incident

Incidents occurring on University property must be brought to the attention of campus personnel. If you are the victim or witness to a crime, you have the responsibility to report it immediately to a Campus Security Authority (CSA) and the local police. All members of the University community are encouraged to accurately and promptly report all crimes or suspicious activity. Incidents can be reported to Campus Safety & Security Team members, by submitting an [Incident Report](#) or directly to the [Safety & Security](#) Office by

calling the office at (858) 642-8892 or mobile phones (858) 405-4208 / (858) 472-1376 and/or by submitting an [Incident Report](#). Emergencies requiring immediate attention should be reported to emergency responders by calling 9-1-1 (from an office line 9-9-1-1) or the local non-emergency number. All work-related injuries or illnesses must be reported to Human Resources by calling (858) 642-8195 or emailing benefits@nu.edu.

Incident Report

The Safety & Security Office responds to and assists with all incidents occurring on or near University property for National University. Submitting an [Incident Report](#) assures that the incident has been documented properly and provides the necessary information for an investigation. For general inquiries or to follow-up on an incident, email safety@nu.edu.

Timely Warnings and Emergency Response

In the event that a situation arises, either on or off campus, that in judgement of the President constitutes an ongoing or continuing threat to the University community, a campus-wide Timely Warning will be issued. The warning will be issued through the student message center, email, and/or by phone, depending on the particular circumstances of the situation. A warning will be issued in all situations that could pose an immediate threat to individuals and the community.

The University will alert staff and students in the event a pattern of criminal activity becomes apparent (e.g., a number of automobile break-ins or assaults on visitors in a specific geographical area). The names of victims will be withheld from timely warnings. When issuing a Timely Warning, some specific information may be withheld if there is a possible risk of compromising law enforcement efforts to investigate or solve the crime. Timely Warnings do not include names of victims.

All incidents are considered on a case-by-case basis, depending on the unique circumstances, facts and information available about the incident. Incidents that are deemed not to have an ongoing threat to the University community will not have a Timely Warning distributed about that incident. Incidents that are reported long after the incident occurs will not receive a Timely Warning, as there is no ability to distribute a "timely" warning notice to the community in these instances. If there is a pattern of crime in the categories of burglary or motor vehicle theft, a crime alert would typically be distributed. Crime Alerts may also be posted for other crime classifications and locations, as deemed necessary.

Other Emergencies

Certain emergencies, crimes and suspicious activities that don't involve serious personal injury, property injury, or property loss can be reported to your local law enforcement office at their non-emergency number. This can include reporting a burglary where the suspect has left the vicinity; hit and run accidents

with no injuries; graffiti or other vandalism; or persons who are disturbing the peace. For Non-Emergency numbers please visit: <https://www.nu.edu/safety.html>

Reporting an Emergency

Students and staff should never single-handedly try to stop a criminal in the act of a crime. University members can report any emergency directly by calling 9-1-1 and/or by contacting the local police department. University members who are the victim of a crime and do not want to pursue action within the University system or the criminal justice system are encouraged to still provide a confidential and/or anonymous report to one of the University's Campus Security Authorities (CSAs). Crime victims can receive resources, referral information and/or options for other actions.

Any reports provided to CSAs are not strictly confidential, as CSAs are required to report the date, time, location, and all relevant information needed to classify the offense for statistical purposes. CSAs are instructed to never release personally, identifiable information, so all reporting individuals remain anonymous.

Emergency Operations Plan

The University's Emergency Operations Plan (EOP) provides the framework for an organized response to a variety of hazards including fires, earthquakes, hazardous spills, and civil disorders. The purpose of this plan is to define the scope of preparedness and emergency management activities necessary during any incident or emergency event. An effective organizational emergency response depends on an informed campus community whose members are familiar with campus procedures and understanding their personal responsibility for emergency preparedness and response.

Plan Overview: The organizational approach used in the EOP is one of decentralization with the campus subdivided into small emergency response regions. Each location is provided necessary supplies and trained personnel to be self-sufficient before, during, and after an event. Emergency Response Teams in each region will function within the Incident Command System (ICS) and, during escalated emergencies, the Emergency Operations Center (EOC) will be activated and support the on-scene Incident Commander. The EOC Manager will then make decisions based on the University's recovery plan to direct the campus through its recovery process.

The University's response efforts could last for hours, days, or even weeks depending on the severity of the event. It is essential to the overall success of the response that everyone clearly understands the structure of the EOP and what his or her responsibilities are.

Drills and Exercises: The University conducts numerous emergency response exercises each year, including tabletop drills, functional exercises, and tests of the campus emergency notification system, and publicizes the emergency and response evacuation procedures in conjunction with at least one of these activities per year. These exercises are designed to assess and evaluate the emergency plans and capabilities of the University.

Missing Persons

Suspected missing students should be reported immediately to The Safety and Security Office by calling the office at (858) 642-8892 or mobile phones (858) 405-4208 / (858) 472-1376 and the local police department. If members of the University community believe that a student has been missing for 24 hours, it is critical they report that information to local law enforcement or call 911 (9-911 when calling from an on-campus landline). A student is determined to be missing when the University has verified that reported information is credible and circumstances warrant declaring the person missing.

Missing Person Notification

California law requires all local police and sheriff's departments to accept any report by any party, including a telephonic report of a missing person, without delay and shall give priority to handling these reports over the handling of reports relating to crimes involving property. The local police or sheriff's department is required to immediately take reasonable steps to locate the missing person.

Notifications will be made by The Safety and Security Office to a student's designated contact within twenty-four hours of the University's determination that a student is missing. If the student has no designated contact on file, then the University will notify the applicable local law enforcement agency, unless it was the entity reporting the missing person. The University may have to contact other students, parents, law enforcement agencies, and other persons/entities that may have information on the whereabouts of said missing student.

If the missing student is under 18 years of age and not emancipated, the institution must notify a custodial parent or guardian within 24 hours from when the student was first determined to be missing.

Emergency Evacuation: The University's Emergency Action Plan Policies and Procedures include information about the Safety Response Teams, University operating status parameters, evacuation guidelines, and communication plans. Detailed up-to-date plans can be found on the Safety website at: <https://www.nu.edu/safety.html>.

During regular business hours, the University will be open to students, parents, employees, contractors, guests, and invitees. During non-business hours, access to all University facilities is authorized by the Security Director and/or Security Manager. Emergencies may necessitate changes or alterations to any posted schedules. As a safety matter, doors should never be propped open, especially those in secure areas. *Please note: National University does not have any campus residences or student housing.*

Maintenance

University facilities management personnel maintain and repair campus facilities. The Facilities Department performs regular reviews of landscaping, locks, alarms, and lighting to identify and update areas of concern. The University makes every effort

NATIONAL UNIVERSITY ANNUAL SECURITY REPORT 2022

to keep its buildings and grounds secure. Lighting and appropriate landscaping for crime prevention is provided at all locations. The University secures its buildings, and whenever possible, its parking lots each evening.

Campus Security

The University provides academic advising services and/or offers academic classes at various national locations. Security at these locations is provided as indicated below.

- **University-Owned Facilities:** The University contracts with licensed commercial agencies for on-site security services at facilities it owns. Security personnel at University-owned facilities are under the administrative direction of the Director of Facilities but report operationally to the Associate Regional Dean at the applicable campus.
- **University-Leased Facilities:** The University or the landlord of University-leased facilities provides security services for the facilities. Security services are coordinated on behalf of the University through the Associate Regional Dean in the regions outside of San Diego, or the Director of Facilities in San Diego.
- **University-Licensed Facilities on Military Installations:** The governmental agency (military branch) from whom the University licenses office / classroom space is responsible for security of the facilities used by the University. The Associate Regional Dean - Military, interfaces with military base security personnel, in ensuring compliance with applicable base security policies and reporting of security violations. For additional questions, contact Katherine Spittler or Ron Felix, at: (619) 977-0134.
- **Classes Held Off-Campus at an Employer's Site:** The employer upon whose premises the University conducts classes is responsible for security of its premises. The Associate Regional Dean (ARD), responsible for the University campus closest to the employer's premises, interfaces with the employer to ensure compliance with the employer's security policies and reporting of security violations.

In general, University security personnel are unarmed and may only make a "citizen's arrest" of a person who is in the act of committing a crime; when safely and legally able to do so. Security personnel are instructed not to attempt to apprehend a suspect, unless the person is caught in a criminal act; however, security personnel will only act in accordance with the provisions of reasonable force.

Criminal incidents are referred to local law enforcement agencies who have jurisdiction on the campus. All crime victims and witnesses are strongly encouraged to report the crime immediately to the University and the appropriate public

agency. Prompt reporting will assure timely warning notices on campus and timely disclosure of crime statistics.

Security personnel maintain close liaison with local police departments and keep them apprised of any criminal activity on campus. Local police may be called when appropriate by either security personnel or the senior administrator or staff member on campus.

The University recognizes that laws and policies are necessary for society to function and supports the reinforcement of law by governmental agencies and policies by officials of the University. All persons on the campus are subject to these laws and rules at all times.

The University does not maintain any special relationships with State and local police and does not have any agreements with those law enforcement agencies (such as a written memorandum of understanding) to investigate alleged crimes.

Reporting Criminal Activity

Community members, students, faculty, staff, and guest are encouraged to report all crimes and public safety-related incidents to campus administrators and appropriate law enforcement agencies when the victim of such crime elects to or is unable to make a report.

Reporting

Report any criminal offense or possible criminal offense that you either witness or are a victim of to either the Center Director or Center Assistant in charge of the campus you are, or to security personnel if they are present at the time the crime takes place. If no one is available to meet with you in person, call the University switchboard at 1(800) NAT-UNIV or at 1(800) 628-8648, University Security at (619) 405-4208, or email safety@nu.edu.

Please note: National University does not have its own campus police department.

If you or someone else is in danger and/or University personnel or security personnel are not there to assist you, call "9-1-1" (9-9-1-1 from a University line) and make your report directly to local law enforcement. In addition, follow up with a report to the appropriate University personnel at your earliest opportunity.

In all cases, any security violations or crimes that occur at any University location, which is leased, owned, or licensed, or any off-site location at which the University provides classes, shall be communicated through the applicable University personnel. Any security violations or crimes that occur at University headquarters in San Diego shall be communicated to University

NATIONAL UNIVERSITY ANNUAL SECURITY REPORT 2022

Security at (619) 405-4208, or to safety@nu.edu. The University will investigate and take action, as it deems appropriate, in the event of a report of criminal activity.

Each University site maintains a daily crime log which documents any incidents at each location. Our security reporting system, CyCop, is our web-based and GPS security officer reporting system. Each officer on duty submits their end of shift reports via their cell phones. This data is then accumulated by the Director of Security into an incident log and this log is open to public inspection.

Confidential Reporting

If you are a victim of a crime and do not want to pursue action with the University or the criminal justice system, you may still want to consider making a confidential report. Witnesses of crimes make also make a voluntary confidential report of crimes to any CSA. The purpose of the confidential report is to comply with your wish to keep the matter confidential and it also supports the future safety of yourself and others. With such information, the University can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution. Confidential reports can be emailed to safety@nu.edu.

Anonymous and/or confidential reports that include references to activities that involve discrimination, harassment and/or retaliation under the National University Equal Opportunity, Harassment and Nondiscrimination Policy may be treated differently per the policy. Anonymous reports are accepted but can give rise to a need to investigate to determine if the parties can be identified. If not, no further action is taken. National University tries to provide supportive measures to all Complainants, however, that may be difficult with an anonymous report where the Complainant cannot be identified.

Pastoral and Professional Counselors: Although counselors typically have significant responsibility and involvement in student and campus activities, they are exempt from the Clery Act reporting requirements. They are, however, contacted and encouraged to forward non-identifying information to the University on crimes that may be reported through their offices for inclusion in the Annual Security Report. The University does not employ pastoral or professional mental health counselors.

Sex Discrimination

An adverse action taken against an individual because of sex or gender (including Sexual Harassment, Sexual Misconduct, Sexual Assault, Domestic or Dating Violence, and Stalking) as prohibited by Title IX; Title IV; VAWA/Campus SaVE Act; California Education Code § 66250 et seq.; and/or California Government Code § 11135. See also Title VII of the Civil Rights Act of 1964, the California Fair Employment and Housing Act (Cal. Govt. Code § 12940 et seq.), and other applicable laws. A form of Sex Discrimination, unwelcome verbal, nonverbal or physical conduct of a sexual nature that includes, but is not limited to sexual advances, requests for sexual favors, offering benefits or giving preferential treatment in exchange for sexual favors and any other conduct of a sexual nature where:

- a. Submission to, or rejection of, the conduct is explicitly or implicitly used as the basis for any decision affecting a person's employment terms or conditions, academic status or progress, or access to benefits and services, honors, programs, or activities available at or through the University; or
- b. The conduct is sufficiently severe, persistent or pervasive that its effect, whether or not intended, could be considered by a reasonable person in the

shoes of the complainant, and is in fact considered by the complainant, as limiting their ability to participate in or benefit from the services, activities or opportunities offered by the University; or

c. The conduct is sufficiently severe, persistent or pervasive that its effect, whether or not intended, could be considered by a reasonable person in the shoes of the complainant, and is in fact considered by the complainant, as creating an intimidating, hostile or offensive environment.

Sexual Harassment - continued

Sexual Harassment could include being forced to engage in unwanted sexual contact as a condition of membership in a student organization; being subjected to video exploitation or a campaign of sexually explicit graffiti; or frequently being exposed to unwanted images of a sexual nature in a classroom or work environment that are unrelated to the coursework or employment.

Sexual Harassment also includes acts of verbal, non-verbal or physical aggression, intimidation or hostility based on gender or sex-stereotyping, even if those acts do not involve conduct of a sexual nature. The University's policy covers unwelcome conduct of a sexual nature. While romantic, sexual, intimate, personal or social relationships between members of the University community may begin as consensual, they may evolve into situations that lead to Sexual Harassment, Sexual Misconduct, including Dating or Domestic Violence, or Stalking, subject to University policy.

Sexual Misconduct

All sexual activity between members of the NU community must be based on Affirmative Consent. Engaging in any sexual activity without first obtaining Affirmative Consent to the specific activity is Sexual Misconduct, whether or not the conduct violates any civil or criminal law. Sexual activity includes, but is not limited to, kissing, touching intimate body parts, fondling, intercourse, penetration of any body part, and oral sex. It also includes any unwelcome physical sexual acts, such as unwelcome sexual touching, Sexual Assault, Sexual Battery, Rape, and Dating Violence. When based on gender, Domestic Violence or Stalking also constitute Sexual Misconduct. Sexual Misconduct may include using physical force, violence, threat, or intimidation, ignoring the objections of the other person, causing the other person's intoxication or incapacitation through the use of drugs or alcohol, or taking advantage of the other person's incapacitation (including voluntary intoxication) to engage in sexual activity. Persons of all genders can be victims of these forms of Sexual Misconduct. Sexual activity with a minor is never consensual when the Complainant is under 18 years old, because the minor is considered incapable of giving legal consent due to age.

Sexual Assault

A form of Sexual Misconduct, an attempt, coupled with the ability, to commit a violent injury on the person of another because of that person's gender or sex.

Sexual Battery

A form of Sexual Misconduct, any willful and unlawful use of force or violence upon the person of another

- A person with a medical or mental disability may also lack the capacity to give consent.
- Sexual activity with a minor (a person under 18 years old) is not consensual, because a minor is considered incapable of giving consent due to age.
- It shall not be a valid excuse that a person affirmatively consented to the sexual activity if the respondent knew or reasonably should have known that the person was unable to consent to the sexual activity under any of the following circumstances:
 - o The person was asleep or unconscious;
 - o The person was incapacitated due to the influence of drugs, alcohol or medication, so that the person could not understand the fact, nature or extent of the sexual activity;
 - o The person was unable to communicate due to a mental or physical condition.
- It shall not be a valid excuse that the respondent believed that the person consented to the sexual activity under either of the following circumstances:
 - o The respondent's belief in Affirmative Consent arose from the intoxication or recklessness of the respondent;
 - o The respondent did not take reasonable steps, in the circumstances known to the respondent at the time, to ascertain whether the person affirmatively consented.

Domestic Violence

Abuse committed against someone who is a current or former spouse; current or former cohabitant; someone with whom the abuser has a child; someone with whom the abuser has or had a dating or engagement relationship; or a person similarly situated under California domestic or family violence law. Cohabitant means two unrelated persons living together for a substantial period of time, resulting in some permanency of relationship. Factors that may determine whether persons are cohabiting include, but are not limited to, (1) sexual relations between the parties while sharing the same living quarters; (2) sharing of income or expenses; (3) joint use or ownership of property; (4) whether the parties hold themselves out as husband and wife; (5) the continuity of the relationship; and/or (6) the length of the relationship. For purposes of this definition, "abuse" means intentionally or recklessly causing or attempting to cause bodily injury or placing another person in reasonable apprehension of imminent serious bodily injury to themselves

NATIONAL UNIVERSITY ANNUAL SECURITY REPORT 2022

or others. Abuse does not include non-physical, emotional distress or injury.

Dating Violence

Abuse committed by a person who is or has been in a social or dating relationship of a romantic or intimate nature with the victim. This may include someone the victim just met; i.e., at a party, introduced through a friend, or on a social networking website. For purposes of this definition, “abuse” means intentionally or recklessly causing or attempting to cause bodily injury or placing another person in reasonable apprehension of imminent serious bodily injury to themselves or others. Abuse does not include non-physical, emotional distress or injury.

Stalking

Engaging in a repeated Course of Conduct directed at a specific person that would cause a Reasonable Person to fear for their or others’ safety, or to suffer Substantial Emotional Distress. For purposes of this definition:

- Course of Conduct means two or more acts, including but not limited to, acts in which the stalker directly, indirectly, or through Third Parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person’s property;
- Reasonable Person means a reasonable person under similar circumstances and with the same Protected Status(es) as the complainant;
- Substantial Emotional Distress means significant mental suffering or anguish that may, but does not necessarily require medical or other professional treatment or counseling.
- Protected Status includes Age, Disability, Gender, Genetic Information, Gender Identity or Expression, Nationality, Marital Status, Race or Ethnicity, Religion, Sexual Orientation, and Veteran or Military Status.

Procedures for Reporting

Prior to reporting, it is important to preserve evidence. The preservation of evidence in incidents of sexual assault is critical to potential criminal prosecution and to obtaining restraining orders, and particularly time-sensitive. National University will inform the Complainant in writing of the importance of preserving evidence by taking the following actions:

1. Seek forensic medical assistance at a medical facility, ideally within 120 hours of the incident (sooner is better).
2. Avoid showering, bathing, washing hands or face, or douching, if possible, but evidence may still be collected even if you do. Try not to urinate.
3. If oral sexual contact took place, refrain from smoking, eating, drinking, or brushing teeth.

4. If clothes are changed, place soiled clothes in a paper bag (plastic destroys evidence) or secure evidence container. Please contact the Title IX Coordinator, for information regarding how and where to secure evidence.
5. Seeking medical treatment can be essential even if it is not for the purposes of collecting forensic evidence.

During the initial meeting between the Complainant and the Title IX Coordinator, the importance of taking these actions will be reiterated, if timely.

How to report: Any person may report dating/domestic violence, sexual assault, or stalking (whether or not the person reporting is the person alleged to have experienced the conduct), in person, by mail, by telephone, by video, or by email, using the contact information listed for the Title IX Coordinator (below) or by contacting a member of the Title IX Team or an Official with Authority. A report may be made at any time (including during non-business hours) by online via the reporting tool found at www.nu.edu/reportit.

Individuals who believe they have experienced a violation of National University’s Equal Opportunity, Harassment and Nondiscrimination policy should contact the following:

At the time that supportive measures are offered, National University will inform the Complainant, in writing, that they may file a formal complaint with National University either at that time or in the future, if they have not done so already. The Title IX Coordinator works with the Complainant to ensure that their wishes are considered with respect to the supportive measures that are planned and implemented. Further, even when the Respondent is not a member of National University's community, supportive measures, remedies, and resources may be accessible to the Complainant by contacting the Title IX Coordinator.

National University will maintain the privacy of the supportive measures, provided that privacy does not impair National University's ability to provide the supportive measures. National University will act to ensure as minimal an academic/occupation impact on the parties as possible. National University will implement measures in a way that does not unreasonably burden the other party. These actions may include, but are not limited to:

the investigation (or hearing, if applicable), written findings based on the preponderance of the evidence standard will be provided to the complainant and respondent. Both the complainant and respondent may appeal written findings from the final investigation report or the hearing. All appeals are submitted to the Title IX Coordinator.

When a student or employee reports to the University that the student or employee has been a victim of Sexual Misconduct, Dating Violence, Domestic Violence or Stalking, the University will provide the student or employee a written explanation of their rights and options.

The investigation and hearing process (when applicable) from initial complaint to final result shall be prompt, fair, and impartial. At any stage in the process, the parties will be offered the opportunity to resolve informally.

Before issuing a final investigation report, the investigator shall have: a) advised the Parties, or have offered to do so, verbally or in writing, of any evidence upon which the findings will be based; and b) given the Parties an opportunity to respond to the evidence, including presenting further relevant evidence, information or arguments that could affect the outcome. The investigator(s), in consultation with the Title IX Coordinator, retain discretion and authority to determine relevance.

After review of evidence by the parties, the investigator(s) will prepare a final investigation report. The report shall include a summary of the allegations, the investigation process, the preponderance of the evidence standard, a detailed description of the evidence considered and appropriate findings. Within 10 days of issuance of the final investigation report, the Title IX Coordinator shall notify the Complainant and the Respondent in writing of the outcome of the investigation.

After the investigation has been concluded, in Sexual Misconduct cases that require a hearing, the parties will have the opportunity to review the investigation report that will (a) describe the allegations; (b) identify the material facts – undisputed and disputed – with explanations as to why any material fact is disputed; and (c) describe the evidence presented and considered.

If the parties are unable to informally resolve the matter, a hearing will be scheduled. The hearing will be conducted by a panel of Equity Grievance Process (EGP) Officers, who will listen to the witnesses and analyze the evidence presented. The EGP

Officers will ask questions of the parties as well as other witnesses with percipient knowledge of the facts in dispute, and will make findings of fact and a decision about whether NU policy was violated by a preponderance of the evidence. Although, the parties themselves will not ask questions, they may propose questions ahead of time, for the Chair to ask of the other party and witnesses. Campus Sex Crimes Prevention Act

Sex Offender Notice (Megan's Law)

The Campus Sex Crimes Prevention Act requires universities to include a statement in this report informing their campus communities on how to obtain law enforcement information about registered sex offenders. This law also requires sex offenders, who must register under state law, to provide notice of enrollment or employment at any institution of higher learning. The State of California (Penal Code 290) requires sex offenders who are required to register with the State to also register, within five (5) working days, with the city police department in which the campus or center he or she is attending classes or employed. The State makes this information available to law enforcement agencies. Any member of the public or campus community may access sex offender information at the Megan's Law website maintained by the state department of justice at:

Annual Fire Safety Report

The Higher Education Opportunity Act (Public Law 110-315) requires all academic institutions with on-campus student housing facilities to produce a fire safety report outlining fire safety practices, standards, and fire statistics for on-campus student housing facilities for the three (3) most recent calendar years. National University does not have any on-campus student housing.

The Clery Act is a federal statute, codified at 20 U.S.C § 1092(f) as part of the Higher Education Act of 1965, that requires colleges and universities to disclose certain timely and annual information about campus crime and security policies. All public and private institutions of postsecondary education participating in federal student aid programs are subject to this requirement. Violators can be “fined” up to \$35,000 by the U.S. Department of Education, the agency charged with enforcement of the Clery Act and where complaints of alleged violations should be made or face other enforcement action.

The Clery Act, originally enacted by U.S. Congress and signed into law by President George Bush in 1990 as the Crime Awareness and Campus Security Act of 1990 (CACSA), was championed by Howard & Connie Clery after their daughter Jeanne was murdered at Lehigh University in 1986. In addition to their policy advocacy, they founded the non-profit Security on Campus, Inc. in 1987. In 1998, amendments to CACSA resulted in renaming the statute in memory of Jeanne Clery.

Clery Geography Definitions

Clery Definitions of Reportable Crimes

These definitions are included from the federal *Handbook for Campus Safety and Security Reporting* (2016 edition). Under the Clery Act, institutions are required to count and disclose Criminal Offense, Hate Crime, arrest and disciplinary referral statistics based on definitions provided by the Federal Bureau of Investigation’s (FBI’s) Uniform Crime Reporting (UCR) Program. The definitions for Murder, Rape, Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Arson, Weapons Carrying, Possessing, Etc. Law Violations, Drug Abuse Violations, and Liquor Law Violations are from the Summary Reporting System (SRS) User Manual from the FBI’s UCR Program. The definitions of Fondling, Incest and Statutory Rape are from the FBI’s National Incident-Based Reporting System (NIBRS) Data Collection Guidelines edition of the UCR. Hate Crimes are classified according to the FBI’s Uniform Crime Reporting Hate Crime Data Collection Guidelines and Training Manual. For the categories of Domestic Violence, Dating Violence and Stalking, the University must use the definitions provided by the Violence Against Women Act of 1994 and repeated in the Department’s Clery Act regulations.

These crime statistics include the number of all reported offenses, without regard to the findings of a court, coroner or jury, or the decision of a prosecutor. The university classifies and counts crimes from the records of calls for service, complaints and investigations.
